

Guards

Tapered Guy, Steel

Full Round

Features

- Full round guards are provided with U-bolt clamps at both ends
- Bottom fitting clamps directly to the guy rod
- Slot near the base of the guard easily engages the tongue of the fitting
- Strand swivel type top clamp is installed without removing the nuts

Half Round

Features

- Half round guards come with either a hook or clamp at the top
- Curved jaws of the heavy gauge steel hook tighten firmly on 1/4 - 9/16 " strand as the guard is brought down into position
- Two holes are available in the top clamp type, the lower of which is used on short sweep guys
- Seven holes in the lower portion of both styles allow for proper positioning of the bottom clamp to the strand

Material

Steel hot dip galvanized
